

Reed's Regenerative Landcare Co, LLC

Organic Grounds Care & Sustainable Pest Management · Healthy grounds. Fewer pesticides. One accountable expert.

CAPABILITY
STATEMENT

COMPANY OVERVIEW

Reed's Regenerative Landcare is an owner-operated, licensed organic grounds-care contractor that helps schools, cities and public agencies in the East Bay and Marin maintain healthy, good-looking grounds while reducing pesticide use and making compliance easier. Every job is planned, performed and documented by owner and CA DPR Qualified Applicator Chris Reed.

CORE COMPETENCIES

- **Integrated Pest Management** — Prevention-first pest control with least-toxic, organic-first materials.
- **Organic Fertilization Programs** — Seasonal soil and turf nutrition using organic inputs.
- **Weed Management** — Mechanical, cultural and organic weed control that cuts herbicide use.
- **Grounds Maintenance** — Scheduled lawn and landscape care for campuses and public sites.
- **Winterization Program** — Prepare turf, soil, irrigation and plantings for the wet season.
- **One-Time Cleanups** — Site cleanups, overgrowth removal and landscape resets.

DIFFERENTIATORS

- Owner-operated licensed applicator on every job
- IPM + organic-first
- Documentation for Healthy Schools Act and local IPM policies
- Soil-first regenerative approach
- East Bay based
